SUBMIT BY:

25 DECEMBER 2025

8.3 Create First Web Page with Bootstrap

The screenshot displays a website template built with Bootstrap. At the top, a dark navigation bar contains the text "My Website" and links for "Home", "About", "Services", and "Contact". Below the navigation, a light gray header section features the title "Welcome to My Website" and the subtitle "Professional IT consulting services". The main content area begins with a section titled "About Us", which includes a brief description: "We are a startup dedicated to providing innovative IT consulting solutions to businesses worldwide". Following this is a section titled "Our Services" with a bulleted list of offerings: "IT Strategy and Planning", "Cloud Computing", "Cybersecurity Consulting", and "Software Development". The final section shown is "Contact Us", which contains input fields for "Name" (with placeholder "Enter your name"), "Email" (with placeholder "Enter your email"), and a "Message" area (with placeholder "Your Message"). A blue "Submit" button is positioned at the bottom of the contact form. At the very bottom of the page, a dark footer bar contains the copyright notice "© 2024 FutureTech Solutions. All rights reserved."
